RE: OMECC's Health and Safety Survey Follow Up

The Ontario Municipal Employees Coordinating Committee has recently launched a Health and Safety/WSIB Survey for 2023. This survey provides an opportunity to share member's stories and to let the union know what steps are necessary to improve health and safety and support injured workers in Ontario. For convenience, a promotional flyer is attached to make it easier for locals to promote this survey to their membership.

Please ensure this survey is re-shared with your contacts at each of your locals and please encourage them to complete the survey. The survey closes at the end of the day on Monday, October 2nd. The results of this survey will be shared with the membership at CUPE Ontario's Health and Safety and Injured Workers Advocacy Committees Conference taking place from November 6th-10th in Windsor.

If you would like to know more, you are welcome to contact Ann Jenkins, OMECC's Health and Safety Representative at: hsrep@cupeomw.com
