RE: Request for Information – Ontario Health atHome Representation Vote Campaign

To all Ontario National Representatives and Local Leaders,

As you know, CUPE is preparing for one of the largest representation votes in Ontario. With over 8,000 health care workers across Ontario Health at Home set to choose their union, this campaign will determine the future of public sector home and community care representation across the province. It is important that our team have an updated list of all member organizers and volunteers to determine if there are an adequate number of organizers and volunteers across the province.

We are requesting all Local Leaders and National Representatives to send the names of member organizers who have been trained and volunteers in their assignment that could be available to assist in the OHaH Representation Vote Campaign.

Please send this information to cupeontarioorganizer@cupe.ca as soon as possible.

Thank you for your commitment and solidarity as we take on this important work together.

In solidarity,

ATIXHE (TJ) ZENELI
